

# INTENSIVE SPEECH & LANGUAGE THERAPY PROGRAM

## AT THE LIGHTHOUSE

### Are you concerned about your child's speech or language skills?

- Do people have trouble understanding your child?
- Is your child struggling with expressing him/herself clearly?
- Does your child have trouble following one-step or multi-step directions?
- Is your child getting stuck on words or sounds while talking?
- Are reading and writing areas of difficulty for him/her?
- Does your child have difficulty interacting with peers?

### FREE SCREENING SESSIONS FOR CHILDREN:

The potential benefit of screenings lies in identifying communication delays or disorders in time for potent Early Intervention. **The benefit of screening now** is to identify speech and language difficulties or delays in order to help develop the necessary skills for a successful school year ahead and beyond.

The LightHouse is pleased to offer a complimentary screening with our speech and language therapist to determine whether your child warrants a full evaluation or they are right on track with speech production, language development, and/or reading.

### SPEECH/LANGUAGE SCREENING: WHAT TO EXPECT

A short, playful testing procedure that examines a child's current speech, language, and social skills to determine whether they are within normal limits for their age.

### Length of Time: Approximately 35 minutes total.

20-25 minutes with the child, followed by an additional 10 minutes for feedback to the parents and a brief note with impressions and recommendations, sent via email within three days from the screening session.

- Articulation (clarity of spoken speech sounds and age-appropriateness)
- Phonological awareness (letter/sound knowledge and perception)
- Following directions
- Vocabulary
- Listening comprehension
- Connected speech
- Questions
- Social skills

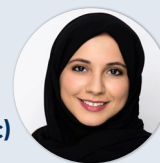

### SPECIAL OFFER

- **Free screening sessions**
- **10% Off Individual therapy sessions** (AED 500/session)
- **Further 10% Off Packages** (AED 450/session for 10 sessions)
